DR. ROBERT S. McKEGNEY

Dr. McKegney was born in Dutton, Ontario and received his elementary and high school education in Sarnia and London. After two years in the R.C.A.F. and Canadian Army, he entered the University of Western Ontario, graduating with a B.A. in 1948.

After a brief career in the banking business he returned to school, receiving his D.D.S. from the University of Toronto in 1955.

He has been a part-time instructor in Operative Dentistry at the University of Toronto since 1962 and has been on numerous committees of the Academy and the Ontario Dental Association.

He has been married for twenty-five years to the former Elizabeth Rose of Sarnia and has two daughters and a son.

He is an active member of St. Paul's Anglican Church, Bloor Street, and is a classical music enthusiast and collector of old maps.

PRESIDENT'S MESSAGE

The advent of completely voluntary membership in dental organizations on January 1, 1975, placed the Academy in a situation which called for basic decisions about its future, both as to the scope of its activities and its relationship to the Ontario Dental Association and the component societies of the O.D.A. in the Toronto area.

After numerous meetings with the representatives of the various groups involved, it was decided that we could continue our close ties with the O.D.A. and the local societies and maintain all our present functions.

Dr. Ron Anco and his committee have organized an excellent program for the Winter Clinic that should have something of interest for every dentist. We are continuing to hold the Winter Clinic at the Royal York and the date this year is on February 6th, 1976.

The first stated meeting features Dr. Kamal Asgar of the W. K. Kellogg Institute, University of Michigan. He is an outstanding speaker and authority on dental materials who has done considerable research on the new non-precious metal casting alloys.

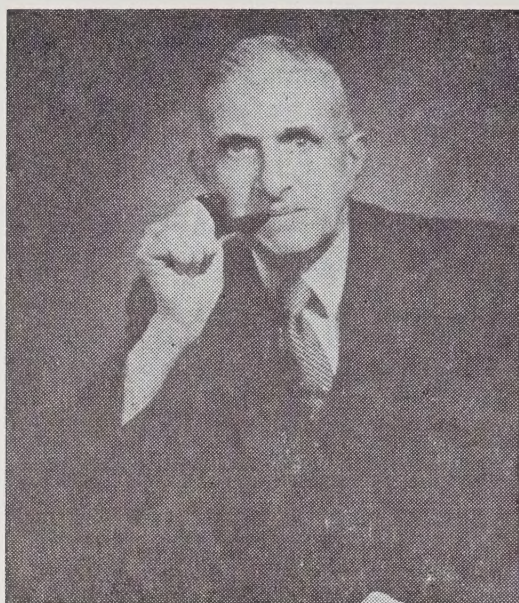

The second stated meeting on March 10, 1976 is the Base Borden Day. People who attend this meeting once tend to keep coming back for more. It really is a tremendous day.

Our dinner dance this year is being held jointly with the University of Toronto Alumni Association in honour of the 100th Anniversary of Dental Education in Ontario. It will be on Saturday, October 25th at the New Harbour Castle Hotel and promises to be the social event of the year.

We will, of course, continue to sponsor the Annual Golf Tournament and Curling Bonspiel, the dates of which are still to be determined. You are invited to participate in all these activities and to help make this a great year for Dentistry in Toronto.

I would like to thank the Academy Council and the Winter Clinic Committee for their great efforts this year. In particular, I would like to thank our Executive Secretary, Mrs. Pat Williams, whose dedication, and whose capable and diplomatic approach have made all our work go more smoothly.

R. S. McKEGNEY, D.D.S., President

SERETARY'S REPORT 1975-76

The Academy of Dentistry, under president Dr. Wm. MacKenzie, once again provided its members with another year of social and educational activities.

Dr. Bernard Crystal, our immediate past president and chairman of the entertainment committee, initiated the fall program with a very delightful dinner dance at the Oakdale Golf and Country Club.

The annual Academy Winter Clinic followed as usual on the third Thursday in November. Dr. Robert McKegney and his committee provided an excellent professional program and a fine day of fellowship. Dr. Murray Cornish was presented with an Honourary Life Membership at the dinner hour.

As usual, the Academy sponsored two stated meetings during the year. The first meeting was in January and Dr. Wm. F. Braasch presented a paper entitled "The Role and Design of Minimizing Loads on Abutment Teeth in Fixed and Removable Prostheses". The second stated meeting was another 'Academy Day' at Canadian Forces Base Borden. Colonel Leon Richardson and staff produced an excellent clinical and social day.

Fun and Fellowship functions were also evident again this year. The annual Academy golf tournament, under the chairmanship of Dr. Wm. Cuff, was played at the Bayview Golf and Country Club and the annual Academy curling bonspiel, under chairman Dr. Paul Hutz was played at the Thornhill Golf and Country Club. Both were well attended and everyone had a great time.

The councillors and their committees deserve our appreciation for their continuing work on your behalf.

After hour emergency service saw a lot of activity again this year. We are grateful to those who participated. It sure gives dentistry a good name.

Our office staff, especially Mrs. Pat Williams, the executive secretary, handled an ever increasing number of mediation problems for us. Her efforts have helped solve many of these complaints on the telephone and this lightened the work load forwarded to the mediations committee. Our deep appreciation goes out to Mrs. Williams for her hours of public relations work thus maintaining our professional reputation.

Dr. R. S. McKegney must be complimented on his executive handling of the "United Way" campaign. It was very successful.

The Academy council have worked hard all year. Their task would have been much more difficult if it had not been for Mrs. Pat Williams who provided us with advice, knowledge, and a happy disposition.

RONALD S. ANCO, B.Sc.Ph.m., D.D.S.
Secretary

REFEREE BOARD ON DENTAL CARE

The generosity of the Ladies' Auxiliary of the Toronto Academy of Dentistry again provided funds to treat 27 needy patients at a total cost of \$2,497.00.

The undernoted cases are typical of those accepted for treatment under the Ladies' Auxiliary fund:

P. C.	age 25	—	referred from Clarke Institute
G. A.	15	—	father crippled — limited finances
M. G.	5		
R. G.	7	—	4 children in family — mother expecting
E. G.	8		and father has minimal income
Mrs. B	36	—	welfare case — city paid \$152.00 out of \$161.00 account
R. D.	14	—	3 children in fatherless home
R. S.	7	—	mother supporting one child — limited income

This fine service that our Ladies' Auxiliary is providing becomes reality because of you, and you, and you. Your participation in their fund raising programs allows them to raise the money which goes towards this worthy project. Remember to give your scrap amalgam when they call at your office.

RONALD S. ANCO, Chairman,
Referee Board

MEDIATIONS COMMITTEE REPORT

Your Mediations Committee has been working diligently in conjunction with the Mediations Committees of the four district societies, in an effort to resolve differences in as amicable a manner as possible. We have been fortunate enough to resolve most problems to the partial satisfaction of all parties and have managed to restore and even improve our public relations in many instances.

With the help, understanding and cooperation of our colleagues, many of these complaints can be prevented. We must constantly be aware that we are obliged to communicate with our patients prior to and during treatment. Most problems stem from lack of information and the ensuing lack of understanding; and understanding is half way to agreement.

Many thanks to Mrs. Williams for her ever ready help and cooperation.

G. PERLMUTTER, D.D.S.,
Chairman,
Mediations Committee

UNITED WAY

The 1974 United Way Campaign brought a return to the personal approach type of canvass after the rather disappointing results of the mail canvass the previous year. This produced a total of \$37,748.00, for an increase of about \$5,600.00.

While this is gratifying, the Dental Profession still falls far behind the other professions in giving.

Let's get behind this year's chairman, Dr. Robert Pick, and try to lift our giving to a level that won't be an embarrassment to us.

My thanks to my co-chairman, Dr. Marty Sterling, Dr. Peter Markle, Dr. Peter Brymer, and Dr. John Anthony, and to the many captains and canvassers who worked long hours to further this very worthwhile cause.
